

# Do April showers and May flowers have your allergies blooming? Meet the allergy experts at Rush-Copley Medical Group.

*Terry Corso, Au.D., CCC-A, Robert Nudera, M.D., DDS,  
Sanjiv Upadhyay, M.D., Debra Quinn, M.S., CCC-A*

Spring brings the allergens that can leave you with congestion and sniffles. Get relief. At Rush-Copley Center for Ear, Nose & Throat, you'll find board-certified otolaryngologists and nurses who are specially trained in managing allergies. Together, these experts offer a wide range of solutions, such as allergy testing and treatments, as well as endoscopic sinus surgery, which often relieves sinusitis. You don't have to suffer through spring—now you can enjoy it.
